Description

Feadship shipwards 18.50– 1973 – Polish flag, VAT included Steel Motor Yacht – Yacht of character, robust and seaworthy Built in 1973 by **Feadship**, one of Feadship's historic shipyards, this 18.50-metre motor yacht perfectly represents the Dutch "old-school" philosophy: over-engineered structure, absolute reliability and outstanding seakeeping. From an era when Feadship yachts were designed first and foremost to last and to cruise, she benefits from a particularly sound steel hull, a functional deck layout and a spacious, comfortable and warm interior with a highly sought-after retro / cosy style. **Layout & volumes** Large, bright saloon with dining area Spacious, fully equipped galley with side-deck access and pass-through to the saloon 4 cabins, including a full-beam aft Master Cabin with bathroom fitted with a bathtub (rare on this size) 3 to 4 bathrooms / toilets depending on configuration Excellent storage, smooth circulation and clear separation between guest and technical areas **Navigation & comfort at sea** SEAROCK dynamic stabilizers with hydraulic pump driven by the port engine, providing significant comfort underway and at anchor Stable, seaworthy hull suitable for both coastal

and offshore cruising Generous flybridge and deck areas, ideal for outdoor living **Machinery & technical** 2 x Detroit Diesel GM 8V71 Shaft drive Perkins 15 kVA generator Large capacities: approx. 4,000 L fuel and 1,500 L fresh water, ensuring excellent autonomy **A classic Feadship for knowledgeable owners** This **Feadship** 18.50 m is not a fashionable yacht, but a true ship, built to last for decades. Here, the year of construction is a strength rather than a weakness, provided – as is the case – that the yacht has been properly and consistently maintained. A Feadship of character, for an owner seeking: an exceptional structural base a comfortable, seaworthy and reassuring yacht a timeless style, far from standardized production Viewings by appointment.
