## Description

**Canados Heritage 36' – Bow Rider The next-generation luxury powercat** With the **Heritage 36'**, Canados officially launches its new range of motor catamarans, **Heritage PowerCats**, and makes a strong entry into the rapidly growing **luxury powercat** segment. This 36-foot model perfectly reflects the shipyard's DNA: **bold design, proven offshore performance, and premium build quality**. Designed to combine **speed, stability, and comfort**, the Heritage 36' features **twin hulls paired with an optimized central tunnel**, directly inspired by Canados' offshore racing expertise. This configuration ensures a **smooth, dry, and reassuring ride**, even at high speeds, with excellent seakeeping capabilities. In standard configuration, the boat is powered by **twin Mercury Verado V8 250 hp engines**, offering an optimal balance between performance and efficiency. As an option, the **2 × Mercury Verado 300 hp** setup allows the Heritage 36' to **exceed 50 knots**, while maintaining a remarkably low noise level—an undeniable comfort advantage for both crew and guests. Do not expect fold-down side terraces or a rear beach club: **this is not the vocation of the Heritage 36'**. This powercat fully

embraces its identity as a **sporty and elegant day-cruiser**, designed to cruise fast, far, and comfortably, with generous outdoor living areas and safe circulation on board. **Three versions to suit every cruising program** **Pure**: simplicity, lightness, and efficiency—ideal for high-performance day boating. **Sport**: a more radical setup, focused on sensations and performance. **Ultimate**: maximum equipment, finishes, and comfort for upscale cruising. With a capacity of up to **16 passengers**, the Heritage 36' is perfectly suited for both **day trips** and **longer cruises**, thanks to its generous volumes, outstanding stability, and impressive range. First unveiled at the **Cannes Yachting Festival 2025**, followed by the boat shows in **Genoa** and **Fort Lauderdale**, the Heritage 36' confirms Canados' ambition to become a **benchmark in the premium powercat market**. **Key specifications – standard configuration** Length: **10.92 m** Beam: **3.85 m** Fuel capacity: **900 L** Passengers: **up to 16 people (Cat. C)** Engines: **2 × Mercury Verado V8 – 250 hp** Cruising speed: **20 to 35 knots** Max speed: **> 50 knots** Range: **up to 480 NM**, depending on speed **Prices from (excl. VAT), equipped with standard engines. (Price**
