Description

EXCESS 14 – 2024 – 4 Cabin Version – Fully Equipped – Ready to Sail Located in a marina near Lorient, this Excess 14 built in 2024 is a rare opportunity on the recent cruising catamaran market. Delivered from the factory in May 2024 and configured for serious offshore cruising, this yacht features an exceptionally high specification designed for comfort, energy autonomy and long-distance sailing. This owner's 4-cabin version offers a bright and modern layout with twin aft helm stations, spacious cockpit and seamless indoor/outdoor circulation. Full cockpit enclosures, fans in all cabins and impressive onboard energy autonomy make her ideal for Atlantic crossings, Caribbean cruising or Mediterranean liveaboard use. The yacht benefits from the Pulse Line Pack including taller rig, tri-radial laminated eXRP sails, 125 sqm tri-radial gennaker, Code 0 deck gear, Facnor 4500 furler and numerous rigging upgrades designed for fast and efficient short-handed sailing. The Garmin navigation suite is extremely complete with radar, Reactor 40 autopilot, dual chartplotters, AIS, extended cartography for Europe / Atlantic / Caribbean / Gulf of Mexico / Cape Verde / West Africa,

WIFI camera integration and a navigation PC compatible with MaxSea / Adrena. A recent Starlink Mini installation with dedicated Victron power supply further enhances offshore connectivity. Energy autonomy is ensured through a major Victron installation including Multiplus II 3600W inverter/charger, 120A charger, three solar panels totaling 1500 Wc and reinforced gel battery banks. The Aqua Base 105 L/h watermaker with automatic flushing system allows complete independence at anchor. Powered by twin Yanmar 57 HP engines with approximately 230 hours and equipped with folding JPROF propellers, this catamaran delivers excellent performance both under sail and under power. The yacht has just completed a full maintenance period at the end of April 2026 including complete rig inspection, tuning by Tonnerre Grément, antifouling, anode replacement and propeller servicing. Price : €499,000 excluding VAT
Leasing possible
Delivery and training available
Immediately available Length : 13.97 m
Beam : 7.87 m
Draft : 1.48 m

Engines : 2 x Yanmar 57 HP
Fuel capacity : 2 x 200 L
Fresh water capacity : 600 L
Cruising speed : 8 to 10 knots
Maximum speed : 11 to 12 knots
