Description

Discover this exceptional **2025 EXCESS 11**, presented in near-new condition, extensively equipped and immediately available for a bluewater cruising programme.

Launched in spring 2025, this catamaran was sailed by her owner from **Les Sables-d'Olonne to the Mediterranean via Gibraltar**, validating all onboard systems and demonstrating the excellent sailing qualities for which the EXCESS range is renowned.

Configured in the sought-after **3-cabin owner's version with 2 bathrooms**, this EXCESS 11 offers an outstanding balance between comfort, ease of handling and exhilarating sailing sensations. Her 11.33-metre length allows easy operation by a couple or a short-handed crew while maintaining generous living spaces.

This yacht benefits from the highly desirable **PULSE LINE package**, featuring a performance-oriented sail plan including a square-top Pro Radial full batten mainsail, an overlapping Pro Radial genoa and a Furlstrom gennaker on a furling system.

Particularly well-equipped for offshore cruising, she features a **65 L/h watermaker, 900 W of solar panels, 2 kVA inverter, reinforced AGM batteries, complete Garmin electronics package, AIS with autopilot remote control and full offshore safety equipment**.

Additional equipment includes a **Highfield CL290 Hypalon tender with 6 HP outboard engine, Flexofold folding propellers, electric winch, davits and numerous comfort-enhancing features designed to facilitate life on board**.

The vessel is currently subject to an **ongoing leasing agreement**, the terms of which may be discussed according to the buyer's profile.

Located in the **Marseille area**, viewings are available strictly by appointment.

Barcelona Yachting can also assist with marina berth solutions in Spain.
